Outstanding Alumni Committee Chair	Jim Krudop, L. B. Wallace State Junior College
Local Arrangements/Door Prize Chair	Charles Blackledge, S. D. Bishop State Comm. College

General Session Speaker

Louise Fletcher is coming home to Alabama to speak to ACA.

She will bring to the ACA General Session messages learned from her parents, who taught her that actions SCREAM, while words are less important, and "You can achieve anything--you just have to want to do it."

Ms. Fletcher also will speak of the importance of education--she comes from a family of ministers and educators, and received her own early education in a public school (Ramsey High School in Birmingham) and at a two-year college in Vicksburg, Mississippi, before completing her education at the University of North Carolina with the help of a scholarship. Her acting career includes both television, especially in *Maverick*, and numerous movies, where her best-known performance, in *One Flew Over the Cuckoo's Nest*, won her the Academy award as Best Actress.

Commission on Administration Speaker

Ron Povlosky, author and college administrator, is best known for his 1988 book, *The Shape of Things to Come: Demographic Forces Reshaping America's Future*.

Mr. Povlosky received his B.A. in Sociology and M.Ed. in College Student Personnel and Counseling from Ohio University. He went on to study for his doctorate in Educational Psychology at the University of Michigan. During a seventeen-year career in higher education, Povlosky has worked for such institutions as Johnson State College and Temple University, and the University of Michigan. For the last three years he has worked as the Title III Federal Grant Coordinator at Manchester Community College in Manchester, Connecticut. His next book will deal with the innovative use of computers for course development in higher education.

Commission on Support Personnel Speaker

Dr. Willie D. Larkin holds the Ed.D. degree from Auburn University.

Best known as a motivational speaker, Dr. Larkin is also an authority on human interaction. His presentations put into practice theories that can help each member of the audience to begin immediately a personal program of self-analysis and growth.

Commission on Faculty Speaker

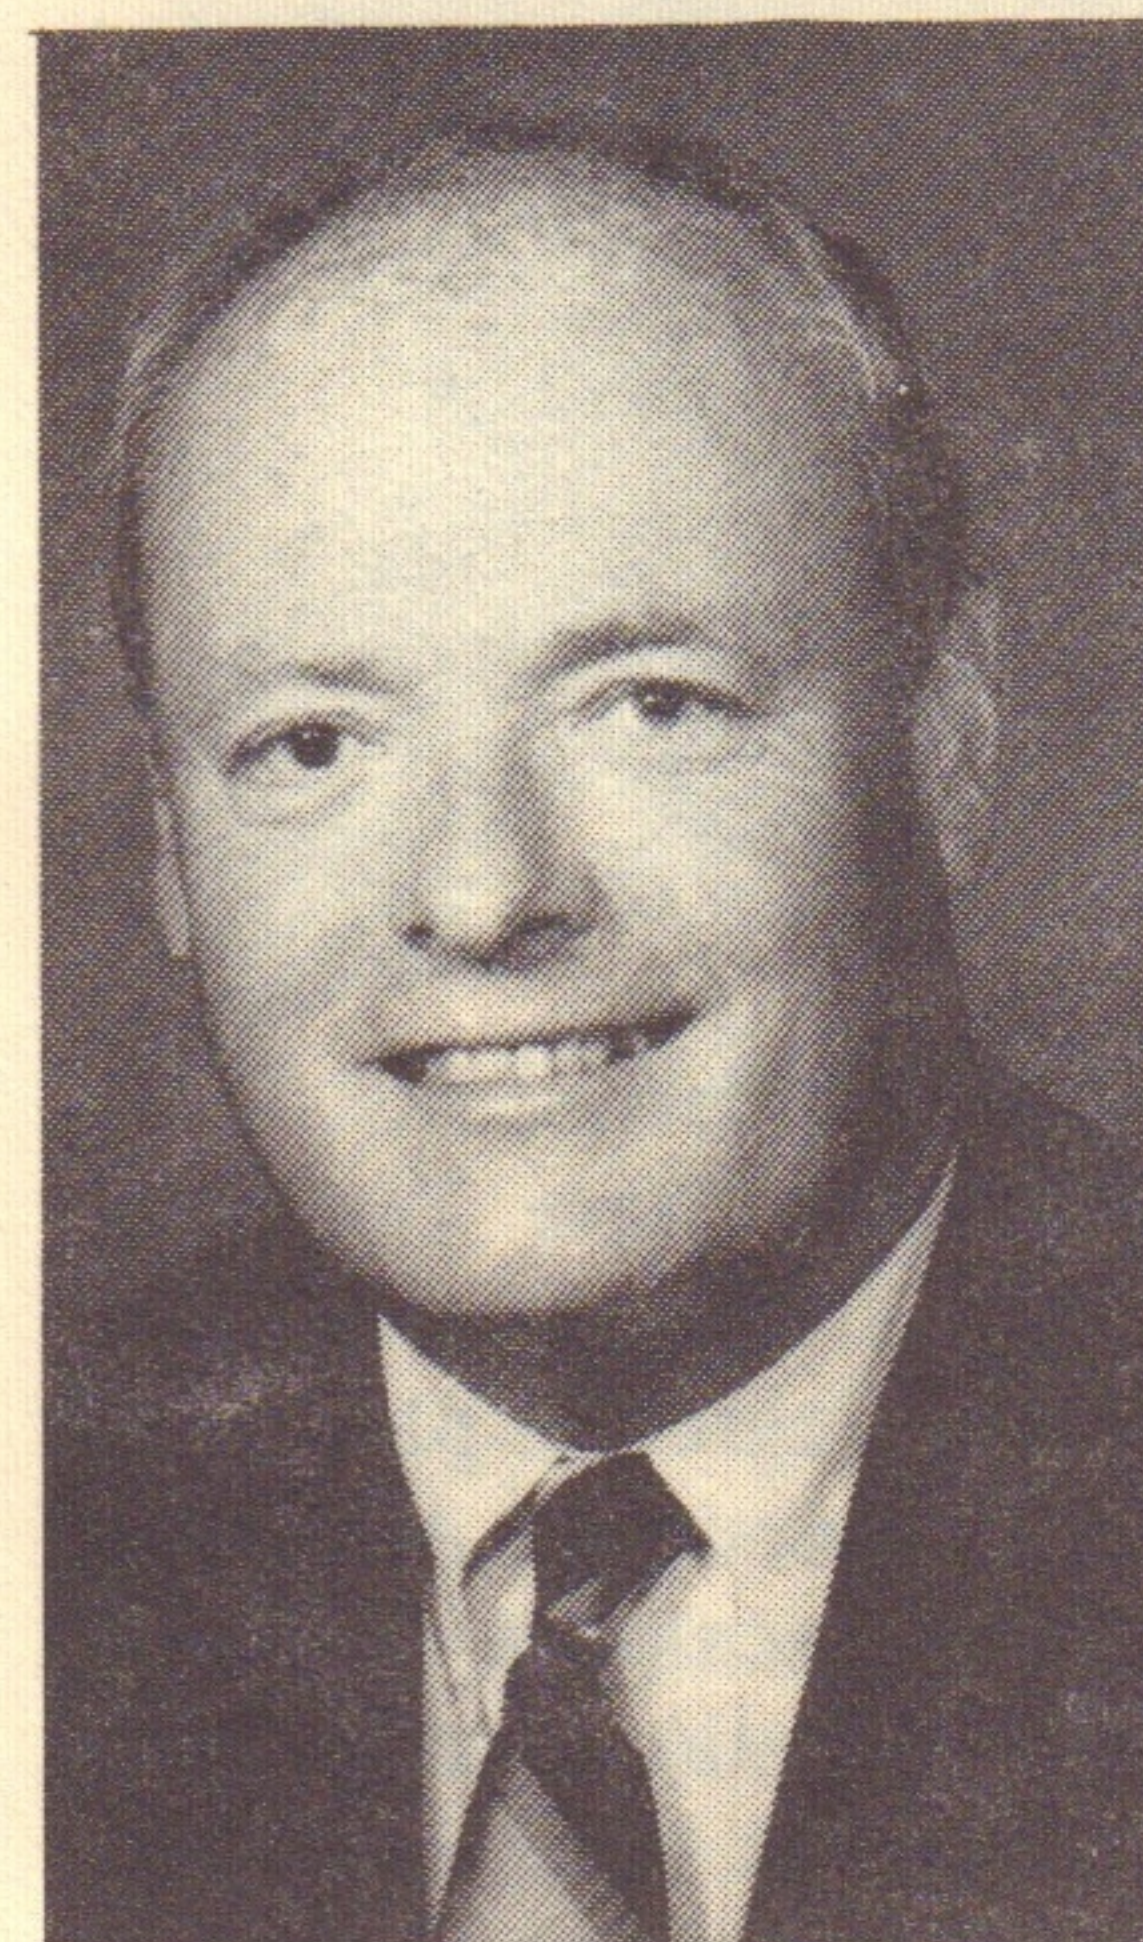

Dr. Bob Childers is Executive Director of the Southern Association of Colleges and Schools.

Dr. Childers has been SACS Executive Director since March 1, 1982. Prior to 1982 he was Executive Director of the Occupational Commission of SACS from the time that Commission was created in 1969. Earlier, he had a wide variety of experiences in education, serving as an Electronics Technician in the U.S. Army and an Electronics Instructor for the Radio Corporation of America and for the U. S. Navy. He was also a high school principal, Assistant Commissioner of Education for the State of Tennessee, and Regional Director of Adult, Vocational and Library Programs of Region IV of the U.S. Office of Education. Childers holds a B.A. in English from Union College, the M.A. in education from Memphis State University, and an Ed.D. in educational administration from the University of Tennessee.

Commission on Students Speaker

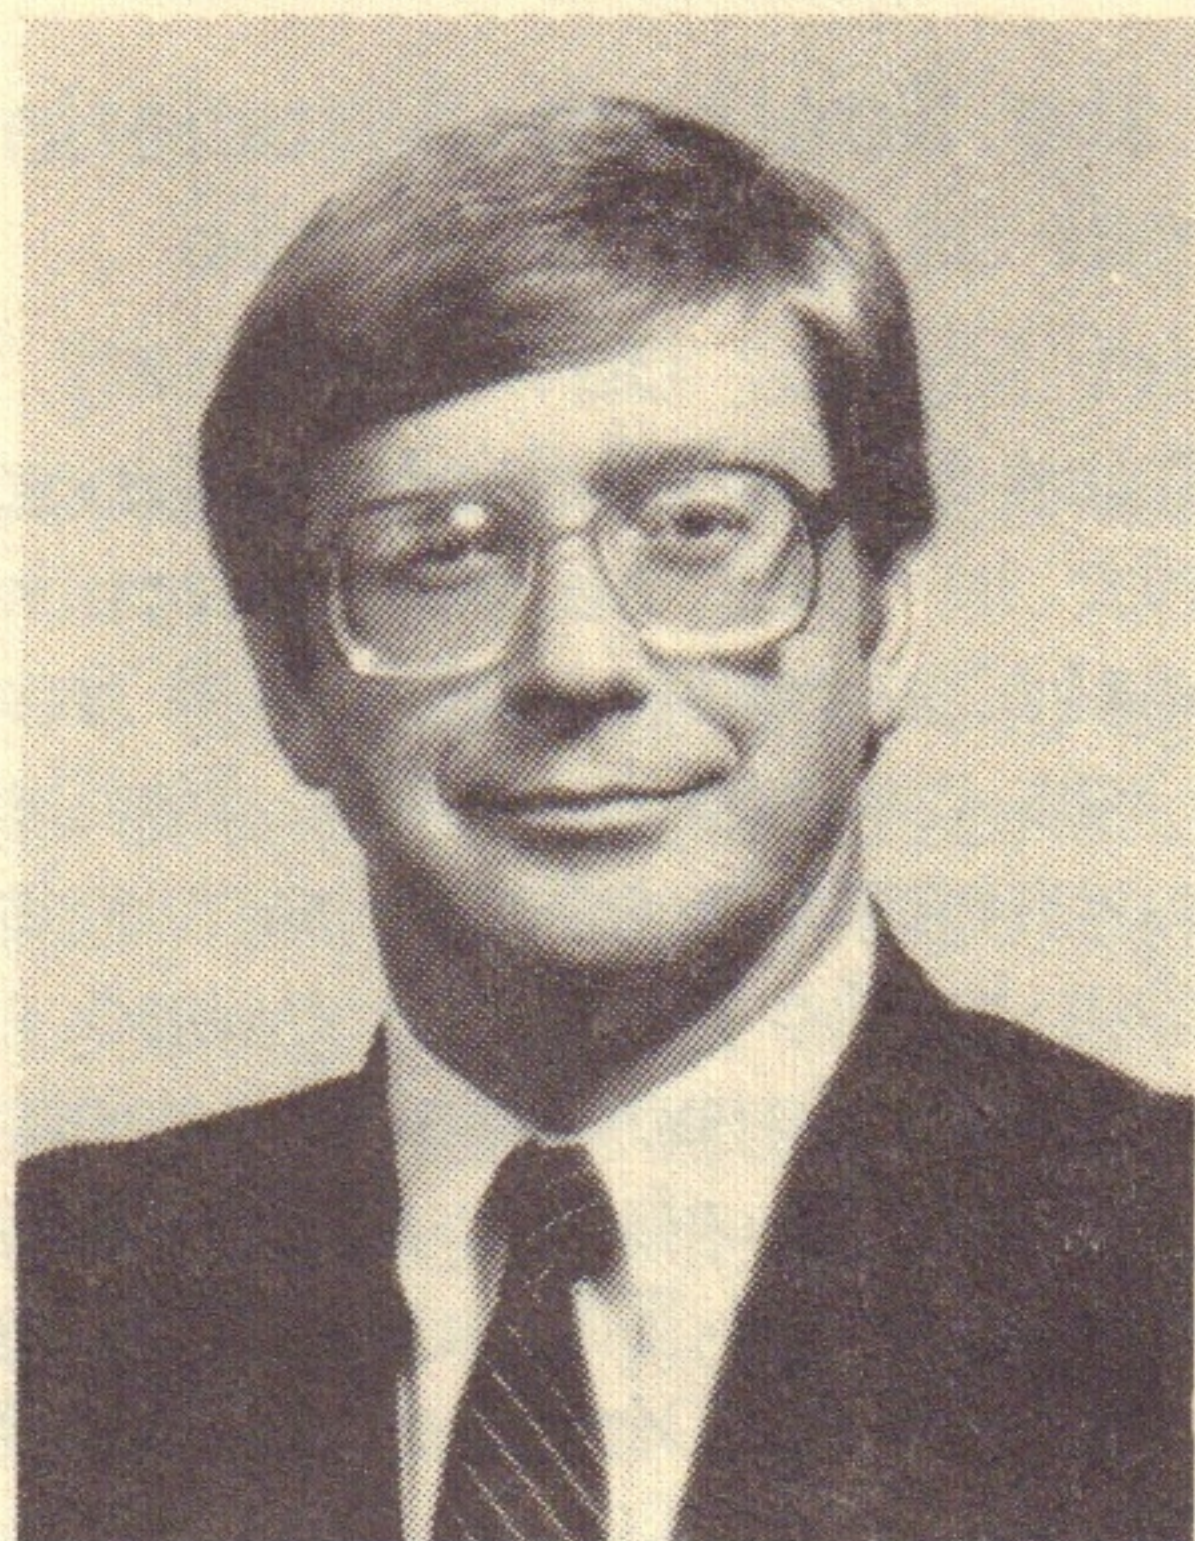

Dr. David S. Crockett, Vice President, Ingersoll Williams & Associates, Denver, Colorado, has been a teacher, a campus and agency administrator, and a lecturer in higher education.

For seventeen years a Vice President of the American College Testing Program (ACT), Mr. Crockett has a B.A. from Ohio Wesleyan University, and an M.A. from the University of Maryland, and has done additional graduate study in higher education at the University of Iowa. He has co-authored two national studies on the status of academic advising in colleges and universities, and has been associated with numerous student retention and academic advising publications. Ingersoll Williams and Associates is an enrollment management consulting firm assisting institutions to achieve their enrollment goals through improved programs and services.

As a conference/workshop leader, Mr. Crockett has designed and conducted hundreds of conferences, workshops, and campus presentations attended by thousands of college administrators and faculty from over 1,500 campuses.

NOMINEES FOR SECOND VICE PRESIDENT

James Larry Beaty
President
Opelika State Technical College

Larry Beaty holds a B.S. degree in mathematics education from Troy State University, and M.Ed. and Ed.D. degrees from Auburn University. Prior to becoming President of Opelika State Technical College, Dr. Beaty served as Administrative and Technical Dean at George C. Wallace State Community College-Dothan. He was formerly Superintendent of Barbour County Schools and Dale County Schools, and formerly an Adjunct Professor at Troy State University-Dothan.

Thomas A. McLeod, Sr.
President
Southwest State Technical College

For ten years immediately prior to becoming President of Southwest State Technical College in 1987, Dr. McLeod was employed at Calhoun Community College--for the last six of those years as Dean of the Technical College. He holds a B.S. degree in pharmacy from Samford University, and M.A. and Ed.D. degrees from the University of Alabama. He earlier was a teacher at Brookwood High School in Tuscaloosa County, Owner/Pharmacist of a Drug Company in Gulf Shores, and private educational consultant in Washington, D.C. While in Tuscaloosa, McLeod served in numerous roles, including a year as Assistant Director of the Alabama Consortium for the Development of Higher Education, and a year as Assistant Dean for Student Development.
